***Re: Public Records Request received March 20, 2019***

Dear Jamie:

This letter further responds to your public records request received by the Department of Homelessness and Supportive Housing (“HSH”) on March 20, 2019 via email. Specifically, you made the following request:

“Director Kositsky said that over 100 locations were analyzed for new Navigation Centers. Please provide me with all analysis and costs/benefits, pluses/minuses of the over 100 locations considered in any electronic formats including emails, powerpoints, documents, pdf files, and otherwise stored electronically. I’d also like to see the timelines and project schedules for all of the built Navigation Centers. I want the dates, times, meeting locations, invitees, speakers, subjects, emails about, presentations, and minutes for meetings related to the second and later Navigation Centers that got built and opened. I sent a regular request for this info on Sunday, but with no acknowledgment of my request thus far, it seems I am forced to make a sunshine request.”

**Supplemental Response Dated April 19, 2019**

Thank you for your inquiry. We are responding on behalf of HSH due to the breadth of your request and the need for consultation among city departments. HSH has reviewed your public records request and is conducting a search and review of potentially responsive documents.

HSH previously responded to your request and invoked an extension of time to respond of up to 14 days under Government Code § 6253(c) and San Francisco Admin. Code § 67.25(b) because of the need for consultation with other city departments. We also previously notified you that we would be producing on a rolling basis and produced a first volume of responsive documents on April 15, 2019.

Please see attached additional responsive documents located to date.

Sincerely,

Hank Heckel  
Compliance Officer  
Office of the Mayor  
City and County of San Francisco
